APPLICATION

Flexible hose for all types of vacuum cleaners.

ADVANTAGES

- Lightweight very flexible crush proof vacuum hose.
- The inside of the hose is very smooth for maximum flow.
- Good chemical and environmental stress cack resistance.
- Long flex life.
- Flexible at low temperature.
- Economical general purpose hose

- Special: **TRIFLEX**

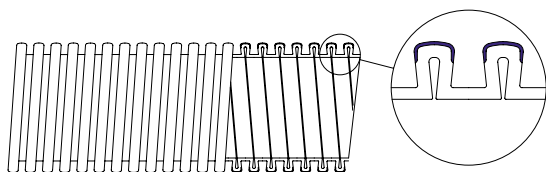

The dual layer construction makes maximum use of the different plastic characteristics. The hose can be made lighter and stronger. It is a very durable and easy to use pool hose because of:

THE FLEXIBLE BASE MATERIAL THAT GIVES:

high flexibility
longer flex life
small bending radius

THE HARD REINFORCEMENT ON THE OUTSIDE OF THE HOSE:

better wear and abrasion resistance
light weight yet good vacuum and crush resistance at higher temperature

Our years of experience in the production of pool hoses and the unique design of this hose, assure top quality and years of trouble free service.
